Résumé: (traduction alternative)
Little-used "adventure canyon" with some gaps in the equipment. Some interesting passages.

Hydrologie: (traduction alternative)
Medium-sized catchment area, still has a small glacier at the top.

Accès: (traduction alternative)
You can park at the top by the soccer pitch.

Approche: (traduction alternative)
Long walk or about 20 minutes if you are shuttling. Attention, only walk past the shooting range when there is no shooting.

Tour: (traduction alternative)
Again and again beautiful places that are interrupted by blocks. Anchors were re-drilled in October 2025, but some places cannot be protected well, so it is better to have some climbing gear with you.

Retour: (traduction alternative)
At the bridge out to the car, which should be in the village parking lot.

Probably the most rewarding canyon of the unrewarding ones, or vice versa, I can't decide. Rewarding because the rappels are very cool, unrewarding because there are simply too many 100m blocks between the good spots. (traduction alternative)
