Automatisch importiert von Descente-Canyon.com für Canyon Saxetbach médian Court (express !!) mais très joli. Mérite de s’y arrêter. Peut techniquement se parcourir avec seulement la corde de secours (cordes fixes des guides en place partout où nécessaire). Evidemment ça peut changer…Attention : la vasque du «grand saut » est engravée : saut limite limite… sondez avant !!La sente du retour en rive gauche, avec les barreaux en fer est vraiment tout de suite après la dernière cascade. La fin du canyon sur la carte du forum est bien trop loin. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/22777/observations.html)

Fun aquatic canyon with some turbulent beautiful slides. Aquatic experience should be brought along. I once set a drift anchor because a pool looked very turbulent The first big slide works, the second big slide has only chest-deep water (gravel). Alone in 1h car car (machine translated)
