2025-10-18 System User 📖 📍 🌊 Low 👍 Completed Automatisch importiert von Descente-Canyon.com für Canyon Tartera Très sauvage, sûrement trop... Végétation sur la fin de la marche d'approche et dans le lit du canyon... Il faut un peu se battre... Une courte section sèche, le plus intéressant commence juste après (résurgence). Il est possible de raccourcir la marche d'approche et de commencer pile là. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/23512/observations.html)
