Summary: (machine translated)
Hiking canyon (aquatique randonnée), especially suitable for families with small children.

Access: (machine translated)
On the highway from Málaga, take the first exit to Nerja and drive into the town. At the traffic circle after the bus station, follow the main road diagonally to the left and then turn left at the second traffic circle into C/. Romero at the second roundabout. Now continue straight ahead over several crossroads until the road turns left because it has reached a slope. A road to the right now leads down this slope into the valley of the Río Chillar. Follow the path along the river bed until you reach the quarry.

Approach: (machine translated)
From the quarry upstream until you reach the watercourse at an inclined ramp.

Tour: (machine translated)
Better than the tour described by Sanchez with an elaborate implementation is the hike suggested here up the stream (or on the hiking trail on its orographic left bank) and back.also the access from Frigiliana to the access point of Sanchez (blue E on the sketch) is easier than the shuttle with starting point on the other side of the valley (blue P 2 on the sketch).the river walk (length about 7 km easy) is not overwhelming, but quite nice in summer (possibly with children). Exit at the end of Oct. 2006 (as described by Sanchez with shuttle) and on 02.11.2016 from below.
