Accesses bcos Negro, Meca, Perro, Culogalina
With the access vehicle we will go to Ayacata, to the pk 14,3, to locate the detour to the right by the GC600 to Roque Nublo, just in the pk 9 we have a place to park.

Approach: (machine translated)
Accesses bcos Negro, Meca, Perro, Culogalina
By the path that goes to the south, to the cut of the Hornos. We will follow the path to the south with the Negro ox on the left and about 500m after the cut we turn left onto a path that takes us down to the ox of Negro.
We cross the bank and continue on a small path over the cliffs without losing altitude. It is 2km of unparalleled trail from the cut.
Another option is to take the path that goes to the left to the throat of the Gatos and once there take a path little marked that goes south following the stream that will be our descent.
