<b>Summary:</b> (machine translated) Short but varied canyon, much frequented		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Windischgarsten follow the road towards Hengstpass until you reach Rosenau. At the end of the village, immediately after a large timber yard parking lot.		
<b>Approach:</b> (machine translated) From the parking lot follow the signposted access to the canyon. After the first steep step, do not follow the new wire rope protections into the canyon, but continue climbing upwards - also at the next rocky outcrop use the upward leading paths. Above the last rock passages follow the clear climbing tracks to the streambed.		
<b>Tour:</b> (machine translated) Very well equipped, much frequented gorge. Recently, a via ferrata (not open to the public) leads through the rock walls of the gorge. In the upper part, waterfalls up to 18m, downclimb and slide passages and narrow passages alternate. The starting waterfall is 40m high - at the bottom it is best to leave the canyon with the help of an installed traverse rope - the last sloping drop is 60m long.		
<b>Return:</b> (machine translated) Like access
