2025-07-31   Nina Ulmann   ★★   📖 ★★   ⚓ ★★★   🌊 Low   🍏 Completed All stands OK. Little water today, so the water was never a problem. Unfortunately, there was always garbage in the river, otherwise clear, deep pools, but unfortunately hardly any jumps or slides possible. Better to use a 40m ropes to get out. Exit also possible via Isorno (upstream with 2 moderately difficult bouldering spots) at normal water levels. This saves you having to install the exit rope. (machine translated)
