Specialities:

Gear:

Summary: (machine translated)
Simple canyon with very comfortable access and return by trail, with a combination of vehicles. Good areas of lace with pieces of crossing between them and with escapes along the route. Good option to initiate in the activity.

Hydrology:

Access: (machine translated)
We have to get on the TF28 in Arico el Nuevo.
We will leave the return vehicle in the center of the town, the closer to the end of C/Las Cuevas street the better.
With the access vehicle we return to the TF28 and after Polegre, we take Gavilanes street (right, just in front of the church), we follow this street until it crosses with El Calvario street, we take it to the right. About 250m later we will see on our right the PR-TF86 path, we will look around where to park.

Approach: (machine translated)
Following the indicated PR until descending to the riverbed

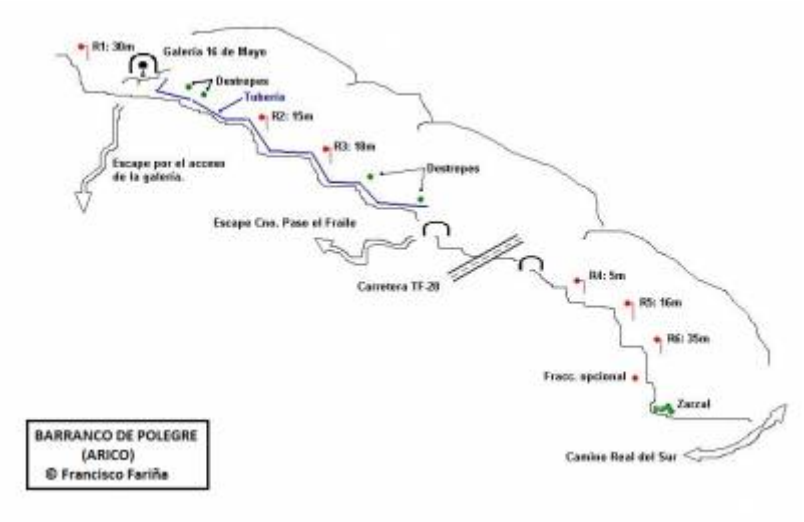

Tour: (machine translated)
See all

Return: (machine translated)
We follow the ravine for almost 1km until we cross a path, we take it to the left and it leads us to C/ las Cuevas.
