Situating us in Castalla we have two options.
1 Leaving from the south on the CV817 we turn right at the cross of Angepsars. After 250m also to the right, and another 250m to the right. We will make some curves linked right and left to go parallel to the bed of the ravine. At the end there is a left curve with space on the right to park.
2 By the Ermita de Sant Pasqual we will go along the road until the end.

In option 1 we go up the ravine and then descend it. We can go around the waterfall on its orographic left side.
In option 2 we will have to go down to the ravine.
