<b>Specialities:</b>		
<b>Gear:</b> Ropes: 2x 30m		
<b>Summary:</b> (machine translated) Very nice sunny canyon with clean water; many jumps; rappel, slides; some sharp edges; call power plant operators (before and after the tour); many entry and exit points.... Often used commercially.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Lucarno --> go towards Biasca --> at the village of Osogna-Cresciano go to the train station --> from the train station go towards Biasca and take the first railroad underpass to the right (2.80m) --> here go right again and go to the end of the gravel road --> now you are directly at the exit (270Hm).		
<b>Approach:</b> (machine translated) About 100m to the left before the creek there is a hiking trail up --> with a steep climb you quickly gain altitude --> after a good 15min. you cross the creek for the first time (warning sign) --> but to go to the lower part of the canyon you still have to go up the hiking trail for about 480Hm --> then enter the creek to the left.		
<b>Tour:</b> (machine translated) The tour is one of the most beautiful and best known canyons in the area and is therefore also very popular --> but if you make a canyoning vacation in Switzerland, this scenic breathtaking canyon should not be missed --> to put it in a nutshell, the canyon offers everything a casual canyoning tour should have --> there are many jumps, slides and rappel in every shape and height --> you should be careful only at the sharp edges --> even with a lot of water is caution --> to avoid long waiting times, it is recommended to leave early.		
<b>Return:</b> (machine translated) Via the gravel road back to the car.

Super amazing section of rock and water. Slides and jumps everywhere. Also people everywhere. It's probably not a great canyon to learn canyoning in as a private group, just because of how busy it could be in there... the water is also quite cold!
