Summary: (machine translated)
Rappel canyon, rewarding, even if ascent sweaty

Hydrology:

Access: (machine translated)
From Ripoll we take the N-260 north towards Ribes de Freser (13.5 km). If we have 2 cars available, we leave the lower car after 8.5 km (from the center of Ripoll) at the restaurant La Corba. Here the N-260 crosses the Torrent Roig, "our" stream.
With the second or the only car we continue to Ribes de Freser (13.5 km from Ripoll). At the entrance to the village, behind the tourist office, we turn right on the GIV-5263 and go up to Bruguera (5.6 km). We continue on the GIV-6263, passing through 2 hairpin bends and after a total of 7.3 km (from the turnoff in Ribes de Freser) we park our car at the edge of the next left-oriented hairpin bend.

Approach: (machine translated)
25 m before the hairpin bend, a forest road branches off from the road to the right, leading first in an easterly direction. Then it goes on sight southward down to the stream (entry).
Better in the hairpin bend directly take the trail down.

Tour: (machine translated)
4 parts, separated by walking passages, 11 rappels, a beautiful natural arch. After the natural arch follow 4 more rappel, then ends the 3rd part with the 17 m rappel.
Get off here if you want to get back to the car at the top. On the right, slightly elevated cairn on rock on the ground.

Return: (machine translated)
Once we have our second car at the restaurant, we continue downstream (4th part) and at a cable that crosses the barranco, we climb out to the left on a clear path that brings us to the railroad and road bridge and thus to the restaurant and car.
Once we have our only car at the top, we climb the R 17 (last rappel at the exit of the 3rd part) to the right, climbing the small dry gully. The steel cables that used to be found here have been replaced by iron pins with cross pin, which in their continuous Abfolgr make climbing much easier. At the top we follow the footprints that lead further up to a dirt road. On this left and up to the road. There then right and to the car.
