<b>Summary:</b> (machine translated) Not far from Mylon Canyon is another dry canyon, which is used by Greek canyonists mainly for training purposes. Easy to connect with the neighboring canyon.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From the Mylon exit parking lot, continue north along the coastal road for about 8 km until you reach Schinos. There we park the car at the location marked on the map.		
<b>Approach:</b> (machine translated) The access is on the orographic right flank of the canyon on a pleasant path, see <a href="https://www.wikiloc.com/canyoneering-trails/korinthia-geraneia-pharaggi-gerakinas-42443149">https://www.wikiloc.com/canyoneering-trails/korinthia-geraneia-pharaggi-gerakinas-42443149</a> . It is therefore not very useful to do it the way suggested in Van Den Berge's book.		
<b>Tour:</b> (machine translated) See gallery and video.		
<b>Return:</b> (machine translated) At the exit of the canyon, turn right as soon as possible and follow a path to the road where the car is parked.
