Summary: (machine translated)
Little traveled, with a lot of vegetation (it would be nice a pruning), but well formed and very interesting. We will always find it with a trickle of water

Hydrology:

Access: (machine translated)
On the C17 just in Tagamanent, park at the gas station.

Approach: (machine translated)
After the gas station, cross the river over the bridge and take a track that goes under the tracks and goes up the mountainside, always with the torrent of Torn on our right. When we reach the top (Can Fabregar) we will turn right following the red marks.

Tour: (machine translated)
Nice descent, nothing complicated except for the abundant vegetation.

Return: (machine translated)
When we arrive at the water hut, we turn left onto a path that leads to the Torn, where we take the track that leads to the access road.
