Specialities:

Gear:

Summary: (machine translated)
Short and simple canyon perfect to combine Solella and the rest of the Maries area. Normally without water except in spring and after rains, we can do it at any time of the year but better if we avoid the summer because of the heat.

Hydrology:

Access: (machine translated)
We will take the C17 to Figaró.
Exit and continue along Carrer de Ribes to the bridge over the freeway (Pont de Montmany), where we turn left.
After crossing the bridge we reach the tracks and the Montmany signposts on the left.
We will follow this road for a few kilometers until we find in a left curve, the access to the tennis courts. Right here we have place to park

Approach: (machine translated)
Access bcos Montmany
We go around the guardrail and down to the bed, close to the road, under the bridge of the road is the first installation

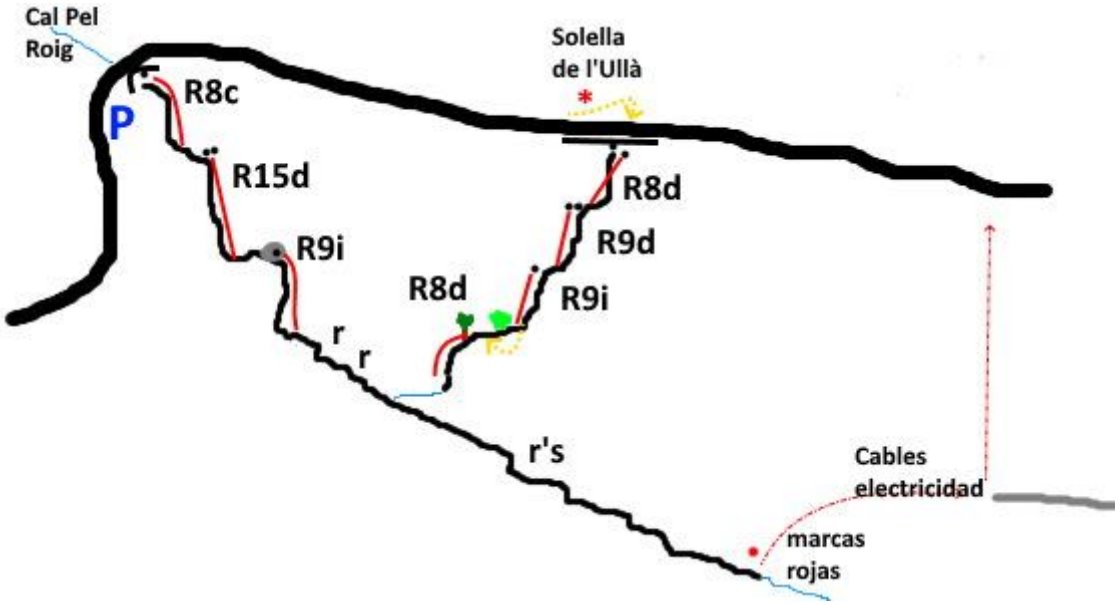

Tour: (machine translated)
Very short, three rappels and then some cliffs and a somewhat dressed bed. From the last rappel it is about 120m to the exit.

Return: (machine translated)
A red marker on the left will take us up the hillside, along a small path that climbs under the power lines, when we reach an electrical tower we will see the detour to the left to go up to the road.
