Automatisch importiert von Descente-Canyon.com für Canyon Doria DC après les dernières chutes de pluie, la MC de la vasque de la C22 et du dernier relai semblent avoir été changées. Le début de l'accès à la dernière cascade est plus encombré qu'il y a un mois, beaucoup de grosses branches, mais pas de difficulté partiulière. Access now from the road about 100m before the bridge from which you used to abseil into the stream. Implementation dispensable, because in 20-25 min. on footpath feasible. Hooks and handrails new. (machine translated)
