2024-09-30 Pepijn Hoeksema ★★☆☆ 📖 ★ ⚓ ★★☆☆ 🍏 Completed Nice canyon and relatively easy canyon. We went after heavy rainfall, so we had a perfect water level. A good water level makes the canyon much more attractive. Furthermore, there are a few narrow sections, and it's basically in the middle of the forest, so it's beautifully green. The anchors are in good condition. It is also a good canyon to use for rescue training.
