Gear:

Summary: (machine translated)
Different experience in every way, caving, canyoning and ferrata, all in one. Peculiar access in which we will have to carry GPS and development that forces us to wear a headlamp.

Hydrology:

Access: (machine translated)
On the TV3421 that goes to Roquetes, just before Mas de Barberáns, in the pk 12,1 we have a detour "La Vall". We will follow the track to the area of La Vall.

Approach: (machine translated)
We will see a signpost and follow that track to a fork to the left (300m) and go up the trail another 300m to some stones marked by the UEC Tortosa to climb up a channel (with some staples to climb). There is supposed to be a trail around to the top.

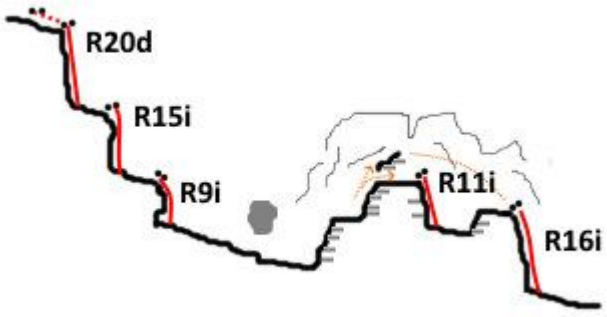

Tour: (machine translated)
See mole

Return: (machine translated)
We follow a trail marked with milestones (losing trail) to go to another more marked trail to the left that leaves us in a canalization and from there to the parking lot.
