Summary: (machine translated)
Also called tunnel canyon, it is a dry canyon, perfect for beginners. The first part is open and then it is gradually canyoning.

Hydrology:

Access: (machine translated)
We must be located in Villa de Ves
We will continue along the road that goes down to the Molinar reservoir, we will cross it through the tunnel and continue along this track. We can park in the old hostel of the Molinar or continue along the track making a few horseshoes until we reach the top, there in another horseshoe on the right we will see the ravine on the left. This is the last point to park.

Approach: (machine translated)
If we park at the lodge we will go up the track to the bend and down to the riverbed.

Tour: (machine translated)
The first part is open and the second part is closed with 7 rappels.

Return: (machine translated)
When we reach the riverbed, a path leads off to the left that takes us to the lodge.
