Specialities:

Gear:

Summary: (machine translated)
Little known and short canyon that can be combined with Civís if you have a combination of cars. Without a combination of cars the approach is not worthwhile. In summer it dries out

Hydrology:

Access: (machine translated)
Take the N145 from Seu d'Urgell to Andorra. Before reaching the border we find a traffic circle on the left that takes us to Civís, we take this road. Cross the bridge and turn left Civís and Alt Pirineu Natural Park.
We will pass Asnurri and after a kilometer we have a track on the right that leads to the farmhouse of Cal Trullar. Here we leave the car to return.
We will continue to Civís, cross the village and continue along the track. When we reach the height of 1650m we will find a sharp left curve, here we park.
We have the option to continue a little further up to the Borda Bonfill, almost at the head of the stream and access from the next curve to the riverbed, so we will make the full descent, with 5 more rappels.

Approach: (machine translated)
We will leave through the meadows without a defined path heading SE, we will pass a first torrent and a small forest after which we will enter the Mossers basin.

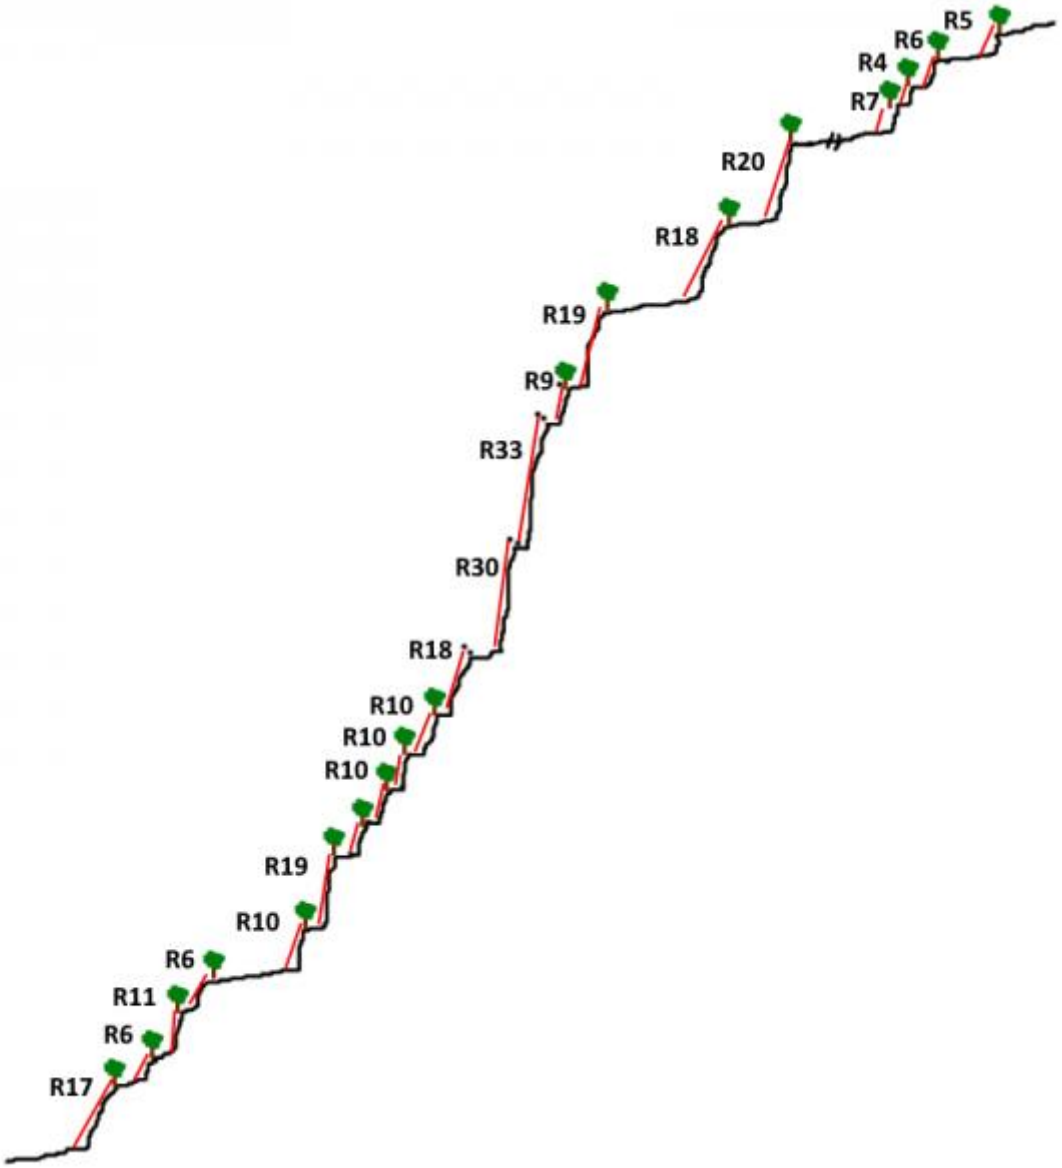

Tour: (machine translated)
Collector's ravine

Return: (machine translated)
When you reach a small canal, turn left almost to the farmhouse and here you can go down to the track and the car.
