Descended from La Peschièra with no info on the canyon, surprised to find a nice waterfall right from the start. We discovered here an old (10-20 year) rope and also possibly some newer lower down. The scenic big waterfall we broke down in two, with an intermediate natural anchor left bank (triangulized & redundant). Shortly after starts a more sporty section with two anchors left bank halfway, but unfortunately the canyon loses interest in a jungle like atmosphere. Exited at the first building & trail down to the valley.
