Specialities:

Gear:

Summary: (machine translated)
Generally dry canyon, except after heavy rains, open and very vertical. With only two rappels of up to 60m. It allows to make combination of cars but with enough time of combination. It can be accessed from Paüls or from Prat de Comte.
Regulation of the Parc Natural del Port:
http://parcsnaturals.gencat.cat/ca/ports/visiteu-nos/normes_i_consells/regulacio_dactivitats/#FW_bloc_5f7cccc7-e01b-11e3-b22a-000c29cdf219_8

Hydrology:

Access: (machine translated)
Access to Paüls
We must be located between Paüls and Prat de Comte, in the Pla de la Refoia.
Access to Paüls
By the C12 from Tortota to Xerta where we will leave to take the TV3541 to Paüls. Just before entering we have the detour to the right by the track of Vinyes, after 3kms we have a track on the left next to a lamp post that goes up to the Coll de la Refoia where we will park.
Or from Prat del Comte by the T333, we will take the N230b and at pk 21.3 we will take the Vinyes track towards Paüls.
If we have a return car we will take the T333 towards Horta and at km 23.5 there is a track on the left, which we will follow as far as we can and park at the foot of the mountains.

Approach: (machine translated)
Access to Salto d'en Grilló
Immediately, we will see the access to the circus.

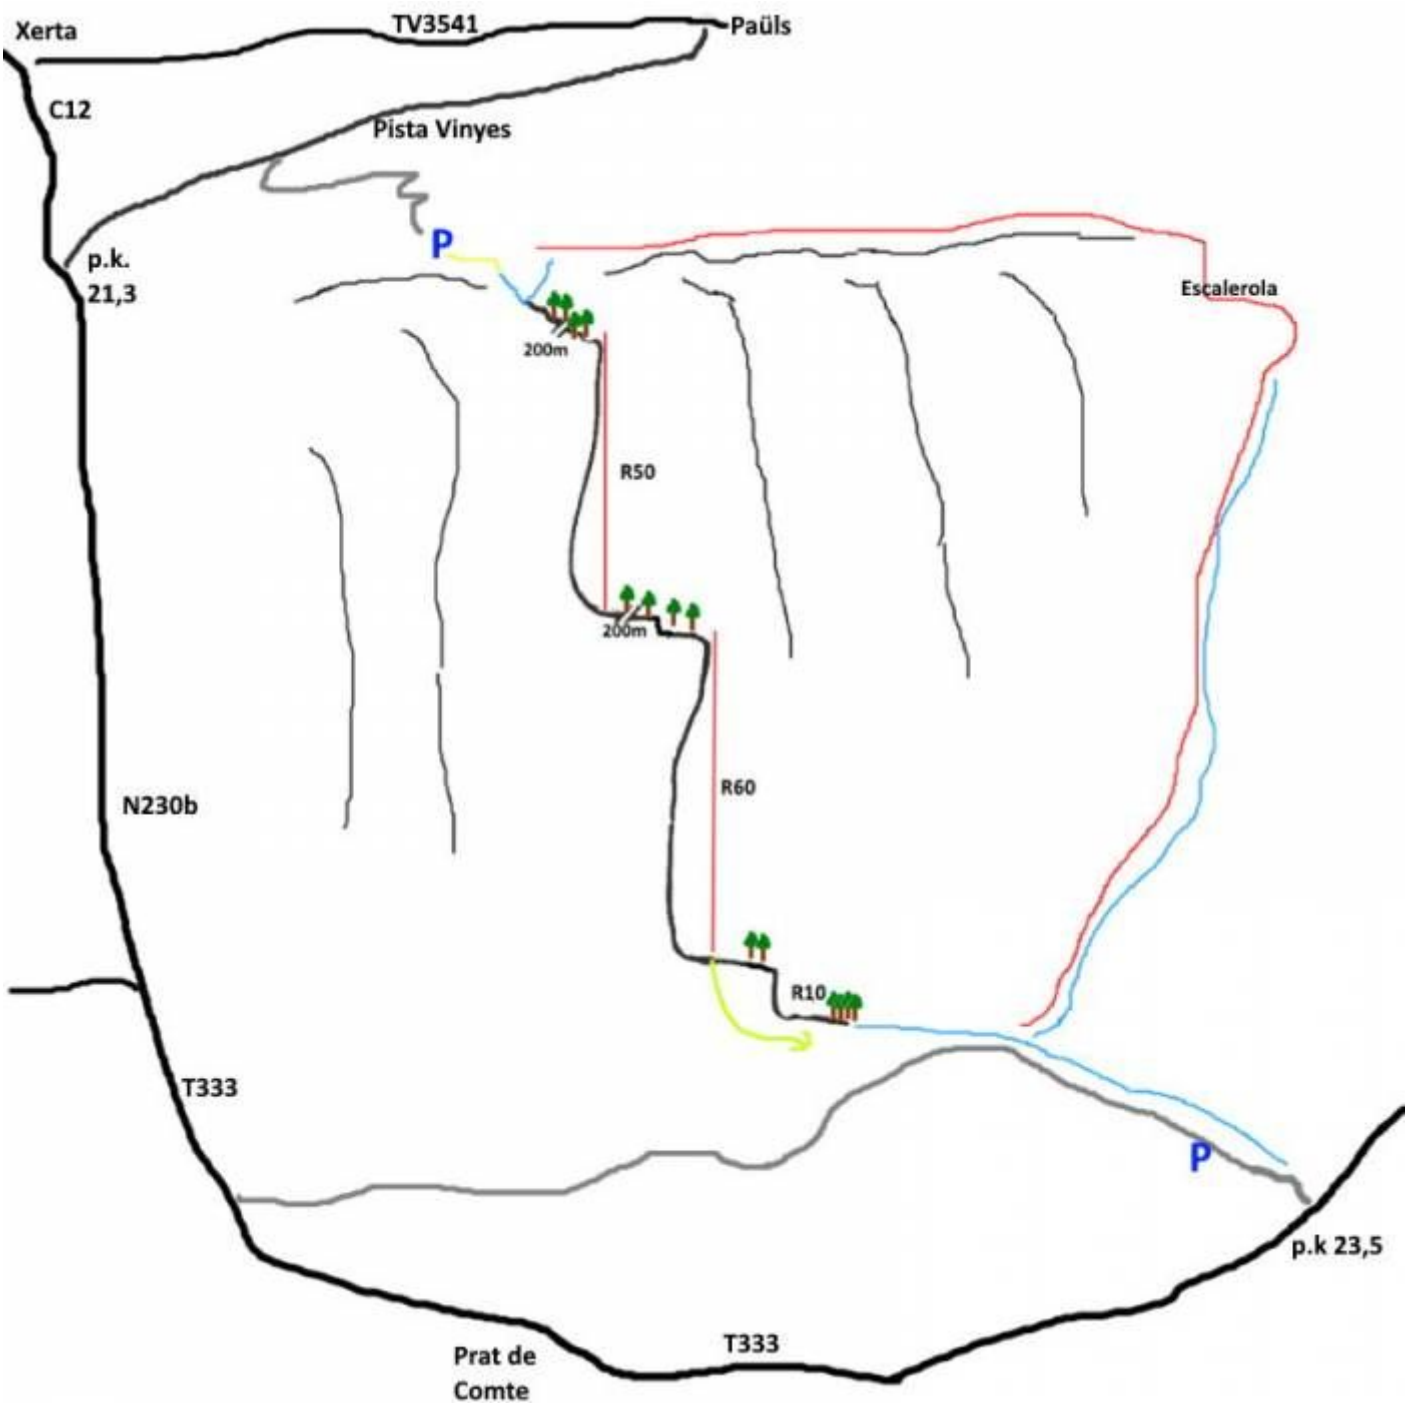

Tour: (machine translated)
A beautiful cirque in two parts separated by a 200m stretch of vegetation.

Return: (machine translated)
Arriving at the bottom we can follow the track to the return car.
Or we can take the path that leaves from the track to the left by the watercourse to the Font de Miquel to reach the hill turns left to go up the staircase (there is a cable to help in the climb), which leaves us on the path of the ridge. We must follow it to the left to the parking lot.
