Automatisch importiert von Descente-Canyon.com für Canyon Reallon Fait à 2 en 2h sans se presser. Très gros frottements sur les 2 premières cascades, prévoir 1 voir idéalement 2 protèges cordes car juste un débrayable parait un peu juste pour etre sûr de ne pas abîmer la corde. Ou alors on a raté des relais intermédiaires. Une fois la 55 descendue, ca déroule jusqu'en bas sans difficulté. Merci aux équipeurs, on a passé un bon moment dans cet agréable canyon.
