Summary: (machine translated)
Open hiking canyon with some rappel.

Hydrology:

Access: (machine translated)
From Jaca in a westerly direction on the N 240 25 km to Puente la Reina de Jaca. Here turn into the valley of Hecho. 24 km after the turnoff you reach Hecho and a few kilometers further Siresa. Park below the church that dominates the village.

Approach: (machine translated)
Follow the road uphill, passing under the church. Turn right at the crossroads with the bar and keep left at the end of the village, following the mule track uphill. Stay on this path, cross a few dirt tracks and a tarred road (always check the further course of the path carefully!) and finally come to a flat plateau. Here you follow the track along a wall on the left, past a house, and then take the next path on the left down to the river. Follow the water until you reach the first small waterfall.

Tour: (machine translated)
5 rappels alternate with runs and downclimbs. See photos and video

Return: (machine translated)
At the black pipeline spanning the river, exit to the right and follow the path to the road bridge. Follow the tarred road north to the parked car.

Automatisch importiert von Descente-Canyon.com für Canyon Hospital Canyon sec ce jour. Les vasques sont encore remplies, mais l'eau est plus ou moins croupie. Ne pas se fier au débit visible depuis le pont de Siresa, ça coule à cet endroit car il y a une petite source en rive gauche peu avant la sortie du canyon (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21920/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Hospital Canyon très accessible mais complet et ludique : belles vasques, rappels en cascades sauts et toboggans !Aurait mérité un peu plus de débit ce jour pour être parfait, certains sauts n'étaient pas réalisables par manque d'eau. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21920/observations.html)

Automatisch importiert von Descente-Canyon.com für Canyon Hospital DC-, petit niveau d'eau mais ça coule et c'est propre. Une sympathique rando agrémentée de quelques rappels faciles, quelques sauts, un toboggan, de belles piscines pour se rafraîchir. Rien de majeur mais un bon moment au frais en famille. Grosse carcasse au pied du dernier obstacle. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/21920/observations.html)
