Summary: (machine translated)
Two canyons in one, without too much equipment, something that will force us to install natural and with an impressive environment. Considered a collector's item, it will be better to do it in spring to find it with a good flow.

Hydrology:

Access: (machine translated)
By the C17 to Sant Quirze de Besora and then to Vidrà by the BV5227.
From Vidrà we will follow the road to Ciuret, just before arriving we will find a sharp right curve on the bridge of the river Toll, here we can park the car back. We will pass the village and continue along the road until shortly before the detour to Fontcoberta, here we can park in a section of the road the access car.

Approach: (machine translated)
Along the Santa Margarida de Cabagés track, we will pass the hermitage and soon we will arrive at the stream

Tour: (machine translated)
The first part is the Coma stream, just at the confluence we have the Gorg Blau waterfall and we can leave by a path to the left.
If we continue along the rec del Toll we will do a couple more rappels and we will reach the road.

Return: (machine translated)
If we leave on the trail from Gorg Blau we will go to the Fontcoberta track.
