<b>Summary:</b> (machine translated) Nice ravine over the Duero River. Better to do it after the rainy season to make it more interesting.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) We must reach Aldeadávila de la Ribera by the SA-314. Once there we look for the Ermita de la Santa and follow the signs to the Mirador del Rupurupay. The signs will take us to the same viewpoint where we have to park.		
<b>Approach:</b> (machine translated) From the viewpoint the ravine is on the left. We will see a small path that goes down to the riverbed.		
<b>Tour:</b> (machine translated) Very slippery, be careful with the rope recovery on the 30m + 15m rappel.		
<b>Return:</b> (machine translated) After the last rappel we find a path on the right with PR markings. Just follow it
