Summary: (machine translated)
Alpine rappel canyon

Hydrology:

Access: (machine translated)
From Corte on a narrow road - D623 - to the Restonica valley. After about 14 km drive we come to the Pont de Grotelle. Here we park our car, if it is not forbidden. Alternatively, continue to Bergeries de Grotelle. The last part is subject to toll (6 euros - 2016).

Approach: (machine translated)
We go back along the trail for 1.6 km (direction Corte) and then we meet the stream (Pozzi), which meanders through the sparse forest. On the orographic right side of the slope, we climb until we reach an access to the streambed at an altitude of about 1450m.

Tour: (machine translated)
Quickly we come to the C57. This is followed by 3 more rappels and some smaller steps that can also be bypassed. With entry into the sparse forest, the tour is over.

Return: (machine translated)
In the forest downhill to the approach path and this back to the car.

After the floods, access to the valley was more difficult. By car to Tuani, then by bus to Frasset and then on foot. Access to the canyon entrance is more difficult. Combined with Grotelle in one day and walking back to Tuani (bus no longer running) quite a long day. (machine translated)
