Done Orchilla inf. from El Frontón village with one car. Similar to the superiore, it can be combined with remote, but well bolted rockclimbs (25m. max). Orchilla inf. with exit along the Camino Real (before the 2 biggest drops) is possible with one 50m. Lower than this is said to be full of plants and bringing machete would be recommended, also two cars and bigger ropes (max. 44). Bolting not ideal but workable.
