Specialities:

Gear:

Summary: (machine translated)
Very simple canyon, initiation, with a single rappel and a couple of jumps to some nice pools. Generally we will find it with water

Hydrology:

Access: (machine translated)
We have to be located in San Vicente de Piedrahita on the CV196. On the CV20 until almost the Arenoso reservoir, at p.k. 51.4 next to Montanejos, there is a road on the right that crosses a bridge CV195 to Zucaina. 51.4 next to Montanejos, there is a road on the right that crosses a bridge CV195 to Zucaina. We will go along this road almost until km 8, here there is a detour to the left to San Vicente.
Once in the village we will have to get into the street behind the Red Cross, following this street becomes a road that heads north. After a kilometer we have a couple of sharp bends (left-right) to go down to the stream bed and a few meters before a track that goes off to the left. We will go down the track for about 600m with the ravine on our left and look for the best place to park.

Approach: (machine translated)
We backtrack to the tree line and descend to the riverbed.

Tour: (machine translated)
Very simple, a couple of jumps before reaching the 9m rappel after which we exit.

Return: (machine translated)
We will look for the best way out of the area of the pool, there are some milestones that mark a climb and then climb up a generally dry creek to the track
