Specialities:

Gear:

Summary: (machine translated)
Spectacular descent after rain, with an impressive R38. Perfect to combine with the upper or Sangas.

Hydrology:

Access: (machine translated)
We must get to Sangas, in the valley of Soba.
By the N629 from Ramales de la Victoria (p.k. 67) we have the detour by the CA256 to Veguilla. From Collado de Asón also to Veguilla.
Once in Veguilla, at km. 10 there is a detour to Villar and Sangas on the CA663. After one kilometer, at the sharp right-hand bend, we will take the turn to Sangas. One kilometer later we will arrive at San Bartolomé, and here we turn right to Sangas.
We will cross the village and continue on a track that goes along the hill of the mountain, in the next sharp left curve we can park the car back.
If we have two cars we will continue doing these linked curves, after 300m we leave a track on the right, another 300m later we take the track on the right and go down to a farm, park where we do not disturb.

Approach: (machine translated)
With only one car we will follow the path described for the access car.
Once at the farm we will follow the track that goes down to the SW, at the end we reach a cabin and head W in search of the stream.

Tour: (machine translated)
A first stretch of waterfalls with the magnificent first waterfall of 38m, we will have stretches of walking to reach the following waterfalls

Return: (machine translated)
After the final R5 we will go out on the right slope to climb a trail, this trail will take us almost to the village.
