Rating: ☆ 0 ()	**Info:** ★ 0 ()	**Belay:** ★ 0 ()

Specialities:

Gear:

Summary: (machine translated)
Canyon with an impressive final jump of 60m, not for beginners. To be done with a single vehicle because the access is not too comfortable except 4×4.

Hydrology:

Access: (machine translated)
Bcos Escobonal area
We have to take the TF28 in El Escobonal.
After passing the Bco Redondo, after 100m, we have the road to Amorin on the right, access to the bank, here we will only enter with 4×4. In the rest of the cases we continue a few more meters to be able to park.

Approach: (machine translated)
We will go up the Amorín road for almost 1km until we reach a closed gate, on the right a small path that leads us to the head of the trail.

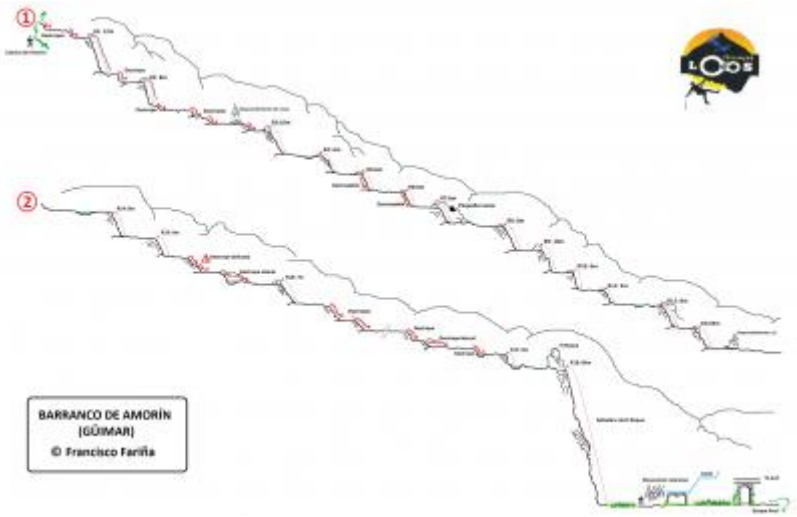

Tour: (machine translated)
See mole

Return: (machine translated)
After the Roque 60m waterfall we arrive at the Pedro Díaz gully, we will only have to follow the dressed bed of this gully until the access to the Achacay gully. We will leave by here
