<b>Summary:</b> (machine translated) Short forest gorge		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) We arrive on the A12 (Fribourg - Vevey) and leave it via the Bulle exit. We bypass the city to the west and take the road to the south, direction Château-d'Oex. We pass Grandvillard and come to Abeuve 15.5 km after the traffic circle at the highway exit. Before the first industrial buildings on the right, we turn right and 900m further we reach a large square above the Marive. Here we park our car without interfering with any work that may be going on in the wood yard (for the approach, see the photo gallery on carto.net).		
<b>Approach:</b> (machine translated) A few meters further on the road we come to a suspension bridge over the Marive. Here we can rope down into the stream with 2x50m of rope. Alternatively, we go up along the stream for about 150m. There opens a comfortable access on foot.		
<b>Tour:</b> (machine translated) Some smaller rapell (4 in total), in between short walking passages not without charm (stratified limestone). A few meters after the view of the chapel on the opposite slope on the right opens, left up to the road.		
<b>Return:</b> (machine translated) On the road to the left to the car.

Not special but great to have done the canyon, plus the rappel from the bridge is great. (machine translated)
