Season: March - May	**Orientation:**	**Best Time:**
Rating: ☆ 0 ()	**Info:** ★ 0 ()	**Belay:** ★ 0 ()

Specialities:

Gear:

Summary: (machine translated)
Nice vertical canyon in the area of Salt de Sallent, we can do both of them continuously and take the whole day.

Hydrology:

Access: (machine translated)
Access Circ Sallent
We have two possible accesses:
By the C17 to Sant Quirze de Besora and then to Vidrà by the BV5227.
Or from Olot by the C152 to Presses and turn on the GIV5226 to Sant Privat d'en Bas.
Access Circ Sallent by Vidrà
From Vidrà we will follow the road to Ciuret, we will pass it and almost arriving to the Coll de Ciuret the road turns to the left in a strong curve with a track that goes straight ahead, we will take it towards "el Sallent" and "Pla Traver". Once in the pass we take the track on the right towards Pla Traver or a track in worse condition to "El Sallent".
Access Circ Sallent by Sant Privat
From Sant Privat follow the signs to Salt del Sallent to Pla d'en Xurri.

Approach: (machine translated)
Approach to Hortals, PlaTraver, Cavorques Sup and Inf, Sallent and Ginebrar ravines.
From "El Sallent" we will go up the path to PlaTraver.
From Pla Traver we take the track that goes along the top of the cirque, we pass the first stream which is PlaTraver and the next one is Hortals (the following one would be Cavorques).
From Pla d'en Xurri continue towards the viewpoint of Salt and take the path that goes to the right and goes up the Escales towards El Sallent.

Tour: (machine translated)
Very vertical descent! It is a fractional waterfall, once finished we end up in the cirque of Salt so we can continue with the Salt or Cavorques Inf.

Return: (machine translated)
If we do not combine with Salt, we will leave by the cirque track to the left towards El Sallent, halfway we have the detour to the left to Platraver.
