Summary: (machine translated)
O salto del Guanche, is a spectacular dry canyon very vertical, with long verticals and almost without rest. Terrain for people with experience.
Access by the beautiful path of the windows of Güímar.

Hydrology:

Access: (machine translated)
We must be located in Güímar
With the return vehicle we follow the TF28 until the p.k. 27.5 where the road to Barranco Badajoz leaves to our right (southbound). It is normal to park at the kilometer marker, at the turnoff to the road to Zarzales. Although we can try to park further on
We will continue along the TF28 until almost the p.k. 30 to turn off to the right onto the track that takes us up to the windows of Güímar by the track of Anochezca. Very famous and somewhat dangerous path through the channel in which we will have to go through its tunnels.

Approach: (machine translated)
Through the channel of the windows of Güimar, after the 6th tunnel we go out through the water channel to the riverbed, the first installation is on the ground.

Tour: (machine translated)
See mole

Return: (machine translated)
After the last rappel we will only have to follow the ravine until we find the track that leads us to the place where we have parked.
