Summary: (machine translated) Unfortunately very crowded (high summer); short but very beautiful canyon; grippy limestone; several bottlenecks and climbing; small siphon; clean water; few short rappels; diving goggles and lamp advantageous; very aquatic canyon.		
Hydrology:		
Access: (machine translated) From the village of Rodellar: ri. Huesca --> pass the outdoor club (on the left side of the road) --> through the small village (Bierge) --> continue up the road --> up to the Barranco Fondo hill (signposted + viewpoint) --> take the gravel road on the left for approx. 1.6 km --> parking lot at the exit of the road.		
Approach: (machine translated) From the parking lot, walk along the gravel road --> pass a barrier and continue up to a trail marker (Steinmandl+ signs) --> take the path to the right here and walk across the boulder field --> after approx. 20 min. When you reach a viewpoint --> keep left and you will come to the descent path which leads over the steep boulder field to the stream in about 25-30 minutes --> once you reach the stream, take the right side of the stream to the entry point.		
Tour: (machine translated) A short swimming passage is immediately followed by a mighty labyrinth of rocks into which you first rappel, then rappel and swim (problematic when there is a lot of water)--> the mighty wedged limestone rocks are very impressive --> after the chaos of rocks follows a very narrow, 1m wide part with towering rock faces in which the light is only very sparse (very beautiful part) --> in this part there is also a swimming section and a slide in very dark pools (be careful, very narrow) --> further on you come to a small abseiling point in a slowly narrowing pool --> the water is very narrow and the slide is very narrow. Abseiling point in a slowly opening canyon --> swimming passage --> climbing over small rocks --> at the end you have another swimming passage of about 100m --> the exit is on the right (after a small iron plate bridge).		
Return: (machine translated) On the right side, hike up the clearly visible hiking trail next to the wooden railings to the parking lot.
