Specialities:

Gear:

Summary: (machine translated)
Short canyon with a 50m rappel and little more, perfect to combine with any other canyon in the Falgars area where its cliffs offer several possibilities.

Hydrology:

Access: (machine translated)
Location Val d'en Bas
We must be located in Falgars d'en Bas.
From San Esteve d'en Bas on the C153 southbound, we turn off at Els Hortalets, cross the village and go southbound on the local road. After 500m we have the detour to the right to La Coromina/Falgars. We will go up to Falgars and park.
If we go from the south from Rupit on the C153, in the pk 34 we have a curve where the detour to Falgars.

Approach: (machine translated)
Val d'en Bas ravines
From Falgars leaving by the local road to the north we have the detour to the left of the track to Freixadella, we will pass a first stream that is usually dry (Bco Freixadella) where there is a house, we continue along the track next to the cuts and in the next stream that usually carries water we enter.

Tour: (machine translated)
Vertical descent, a first rappel to approach the vertical, the next one over the 50m vertical and a third one at the bottom.

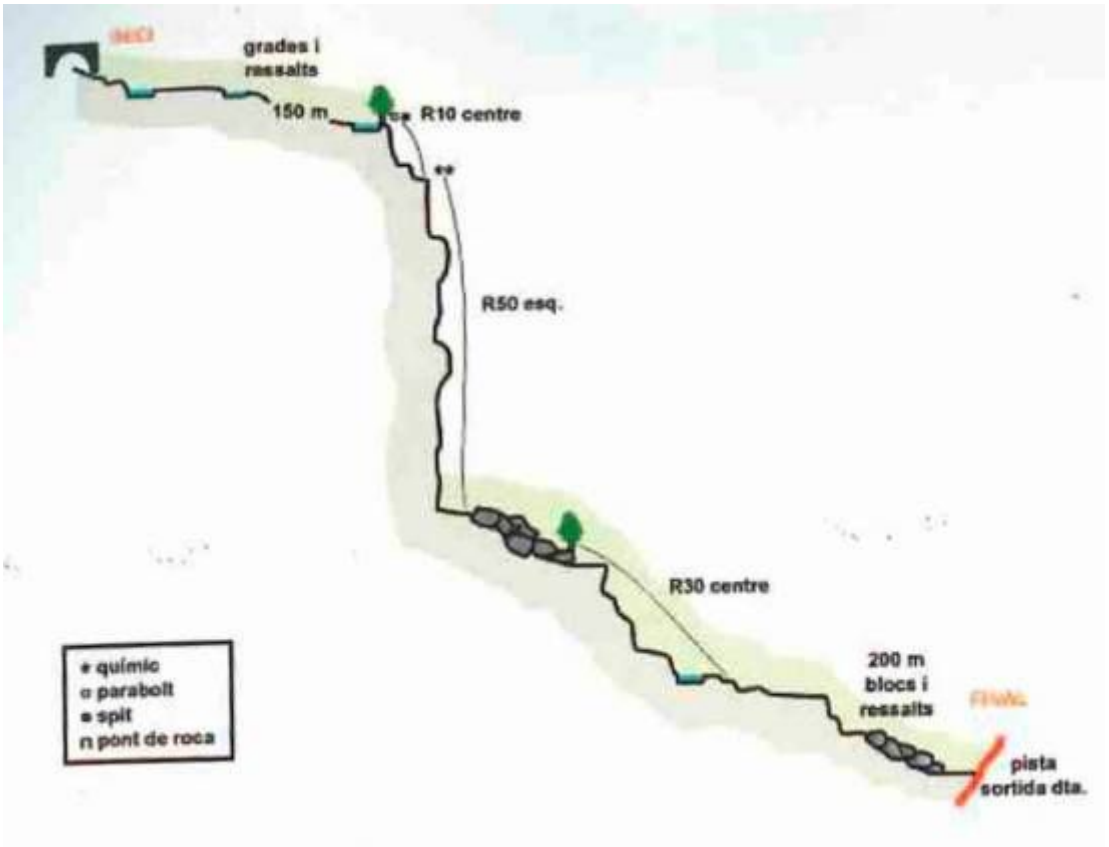

Return: (machine translated)
We follow the course and we have to get to see a small path on the right that leads us to the uphill track. If we do not see it we will find a second clearer path much further down.
