<b>Summary:</b> (machine translated) River walk with swimming passages and a few rappels.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) From Lago d'Idro (Anfo or Ponte Caffaro) on the SP 669 up to Bagolino. Just before reaching the village, we already cross the Caffaro - (here is the entry to the lower part). Passing Bagolino we continue on the SP 669 and about 5.5 km after the village we come to a bridge over the Caffaro (Ponte Dasarè). Here we leave our car in a suitable place (parking access). A shuttle would be possible, but is not really worth it because of 850m return. Better one walks without luggage back to the car, while the others wait with the luggage.		
<b>Approach:</b> (machine translated) We rope down from a tree into the river.		
<b>Tour:</b> (machine translated) 4 rappel, nice the 30m rappel, otherwise not very interesting locomotion in the riverbed. Exit to the left, where the riverbed becomes wider again.		
<b>Return:</b> (machine translated) Up the embankment and past a house to the road.
