Everything's fine. Access via the Levada do Norte; after the upper section, exit via the Levada Faja do Rodrigues. (machine translated)

Automatisch importiert von Descente-Canyon.com für Canyon Passo (Supérieur) Nous avons commencé par la levada Faja do Rodrigues, puis avons emprunté le sentier escarpé et peu connu qui mène au milieu du Passo superior. De là, on peut descendre la partie la plus spectaculaire de la section supérieure. En raison de fortes pluies imprévues, le niveau de l'eau a triplé pendant notre descente. La descente était néanmoins encore possible en toute sécurité. Dans le Passo inferior, que nous voulions ensuite emprunter, il y avait alors beaucoup trop d'eau. A beautiful canyon, even if you have to walk up the boring slope... (machine translated)
