## Access:

### Approach:

At the exit of the slope to the chapel on the left, then turn right down past the chapel until you reach a good path. Follow this to the left until a path on the right leads downhill. Thick ropes are available.  
Alternatively, there is now a via ferrata that you can follow from below. This exits at the entry point, from here you could then walk over the chapel to the other arm and thus have a little more variety on the way down.
