Rating: ☆ 0 ()	**Info:** ★ 0 ()	**Belay:** ★ 0 ()

Specialities:

Gear:

Summary: (machine translated)
Aquatic canyon, with incredible corners and a lot of difficulty in load season. In summer we will find some companies descending this canyon.
Extreme caution if we go into the grotto.

Hydrology:

Access: (machine translated)
We are located in the Vieira do Minho area, on the N205 between Povoa de Lanhoso and Cabeceiras de Basto.
We will take the M527 to Rossas and there to Lamedo, where we will park.

Approach: (machine translated)
Along the path of the mills of the Ave river, we will go up the Candosa waterfall and a little above it we will access the river.

Tour: (machine translated)
Complicated when the river is flowing, the rest of the time it is an entertaining descent.

Return: (machine translated)
By the path of the mills, we will have passed through here.

Coordinates:
