Hydrology:

Access: (machine translated)
Location Horta de Sant Joan
We will be located in Horta de Sant Joan on the T330.
Access Monrala Sup and Inf
We will leave towards Arnes and after 100m we have the detour to the left to "Els Ports". We will continue along the track/road for about 9 kms until the parking of the recreational area of the Franqueta.
We will follow the track on the right that goes up to the Coll de Safrá, just before the kilometer we will see an abandoned farmhouse on the right (Cases) and we will pass by the stream of a dry ravine, ours. We will park here

Approach: (machine translated)
We go back 200m and a path comes out on the right that rises through the forest, after 50m we will take another less defined path to the right that first heads east and then south "Pista de la Faixa de la Carrasca". We will follow it until it ends just above the riverbed. To go to the first rappel we will have to go up a side about 50m.

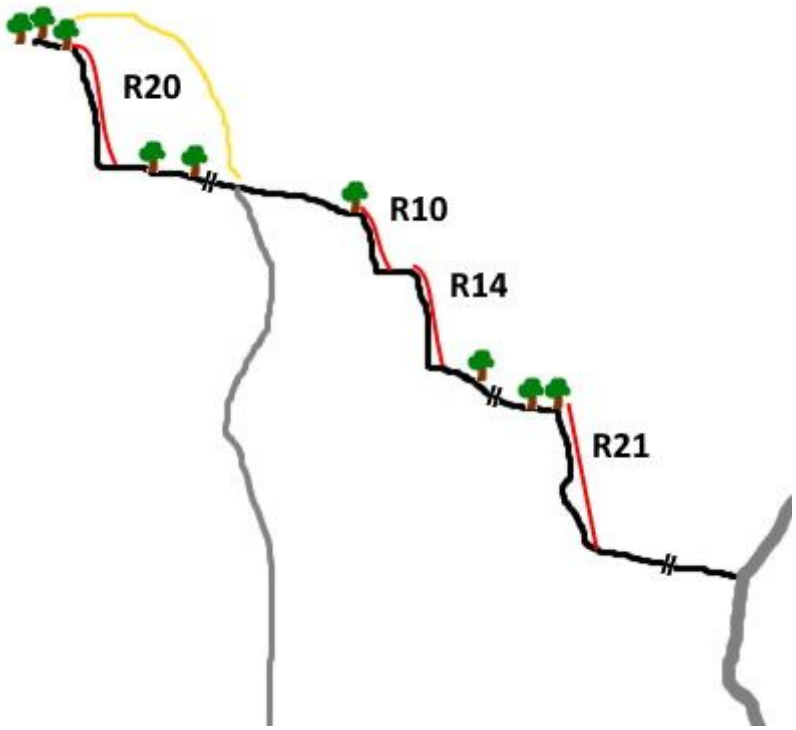

Tour: (machine translated)
See mole

Return: (machine translated)
After the last rappel, we will continue along the dry riverbed until we reach the trail.
