Automatisch importiert von Descente-Canyon.com für Canyon Fenbruan On est descendus un peu trop dans les arbres du coup on est arrivés juste en dessous la première cascade, on a posé un point entre les deux bras de la source, puis un deuxième point pour sécuriser la descente dans les éboulis et un troisième point pour la cascade finale, mal placé car dans l'eau mais qui permet de descendre dans l'actif. Ça parpine même en faisant attention. (Quelle: https://www.descente-canyon.com/canyoning/canyon-debit/23902/observations.html)
