Small rappel canyon

Hydrology:

Access: (machine translated)
From Thessaloniki on the A 1/E 75/E 90 in the direction of Athina (Athens). After 33 km and after the tollbooth at Malgara keep right on the A 2/E 90 (the highway to Athina goes left). After 117 km (from Thessaloniki) you pass Veroia and reach the exit to Kozani, Larisa. Leave the highway here and drive around Kozani to the east, always on the E 65 towards Larisa. It goes down to the Aliakmonas reservoir, on a bridge to the other shore and then slightly uphill into the town of Servia (145 km from Thessaloniki).\n\nIn Servia we head for the municipal cemetery. It is located southwest a little outside the town in is recognizable by its cypress trees. Park your car here.

Approach: (machine translated)
From the cemetery (back) to the town of Servia and then keeping south up the hill with the Byzantine Castle. Instead of then taking a left turn up to the castle, we keep to the right and come to a restaurant at the exit of the road. Past the restaurant, a path leads us over the canyon towards the south. At a bench you can climb over the grate and after a few meters you are at the stream.

Tour: (machine translated)
8 rappel. Water always murky - quicksand. Still nice descent

Return: (machine translated)
Where the canyon widens into a broad valley, you can see the cemetery at the top right. Along its southwestern boundary wall to the car.
