<b>Specialities:</b>		
<b>Gear:</b>		
<b>Summary:</b> (machine translated) O de la Poveda, is a very popular canyon because it is an initiation canyon used by companies in the area. It is usually dry except after heavy rains and the environment in which it develops, within the Alto Tajo, gives it a special character.		
<b>Hydrology:</b>		
<b>Access:</b> (machine translated) By the CM210 that goes from Molina de Aragón almost to Cuenca, crossing the Alto Tajo in an area of great ecological value. If we go from Poveda de la Sierra (pk 67), at p.k. 71 we have a bridge over the Tajo. 71 we have a bridge over the Tajo, shortly before the detour to Casas del Salto (5kms). We will go along this track until we get there.		
<b>Approach:</b> (machine translated) We leave along the same track for about 2.5 kms until we pass a shelter and a hunting reserve sign, with a track that goes off to the right, we will take it and soon we reach the riverbed.		
<b>Tour:</b> (machine translated) Descend among pines, with somewhat lost headlands and very entertaining.		
<b>Return:</b> (machine translated) The riverbed reaches the track where we arrived with the car, we will take it to the right until we reach the car.
