From the SS13 turn off in the direction of Valbruna/Saisersa. Drive through the town, past the WW1 military cemetery and then park in the large parking lot, which is free of charge in summer.

**Approach:** (machine translated)
Follow the frost road to the wide and mostly dry gravel bed of Torrente Saisera and cross it. At the karst spring, follow the nature trail to the right and cross Torrente Miscorca. The nature trail soon meets a forest road and turns right, but we stay straight on the forest road until a blow becomes visible on the left and further up a rocky streambed. Climb to the streambed and ascend along its orographic right sides for about 30m until an inconspicuous path crossing to the south becomes visible. Follow this path until Torrente Carnizza, which is reached just above the big waterfall.

5 rappels, the high waterfall is rappelled in two stages (27m+30m)\n
