Summary: (machine translated)

Varied rappel canyon

Hydrology:**Access:** (machine translated)

From Lugano along the northern shore of the lake of the same name in the direction of Menaggio (Lago di Como) - or vice versa. After 15 km you reach Porlezza. In Porlezza, we take the road towards Val di Rezzo, but immediately turn left again and look for a parking space on the other side of the stream.

Take the second vehicle back, turn left into the Val di Rezzo and drive 3.5 km via Vesetto up to Corrido/Molzano.

From here, continue uphill on the SP 11 and after 2.2 km you will reach a junction where an access road to the water drainage system opens up on the left.

For access without conversion, see map in photo gallery.

Approach: (machine translated)

Entry below the water drainage system.

Tour: (machine translated)

At the beginning walk and downclimb. After the 1st rappel more interesting and varied. Exit possibilities several times on crossing paths. Also at the mill (350 m above sea level) you can exit to the left.

Return: (machine translated)

After opening the final narrows out to the right and down the road to the car.
