**Specialities:**

**Gear:**

**Summary:** (machine translated)
Simple and short descent with low flow except in spring or after rains. Ideal to start canyoning or even go with the kids in summer with low flows.

**Hydrology:**

**Access:** (machine translated)
In Andorra La Vella we will take the CG3 towards Ordino and La Massana.
Arriving at La Massana we will continue on the CG3 to Ordino. At the traffic circle we will exit to the right to make the second traffic circle that we will take towards Segudet.
Almost when arriving at the track we will be able to park

**Approach:** (machine translated)
We will leave the track upwards, the track will separate and when it joins the river again, which makes a turn to the north, we will continue for about 300m and we will see a path on the right that will take us down to the river by fixed ropes.

**Tour:** (machine translated)
The first part with an abseil of 12, then it closes a little and we find multiple simple slides and slides. Caution that the pools tend to cover little.

**Return:** (machine translated)
We reach the platform to cross the river to the vias ferratas. We will exit to the right and return by the way up.
