A great adventure for canyonists with lots of experience. Rio Caldone, also known as Val Boazzo, is a very beautiful canyon that exists in Lecco. The canyon consists of two parts, which differ considerably in scenic terms. The tour with both sections takes a relatively long time - including parking, the tour takes about 7 hours in total. There is a very dangerous siphon in the upper part! Tour video: <https://www.youtube.com/watch?v=eRwxzWQSqoE> (machine translated)
