Summary:
Lower section is a technical and watery A5 line. Lower you go, gets more difficult and more water. Most beautiful obstacles are in the lower section. From C90 "HCT Cascade" starts a real spectacle and we are going from action to action. Technical abseils and handline approaches. One of the crux of the all line is the final crossing river Marsyangdi to the village of Jagat. In the period of rains and strong flow not can be easy!

Hydrology:
Catchment area 7,5 km². Summit 4450 m.

Access:
From Besisahar by jeep to the Jagat. Here you can find accommodation.

Approach:
From the village of Jagat, go down the stairs, cross the rope bridge to the other side of the river and climb the stone stairs to the village of Chipla. From there, traverse left through the fields and descend down to the river. Here you will find the start.

Tour:
Steep start and after several abseils D5, R15, R35, C12, S3, C10 and free climbing on inclined plates, via short abseils R25, R15, R20, C8, access to the balcony C90. At the bottom of the vertical - direct full injection! Follow more beautiful verticals C30, C30, C35 to the last technical C40 and easy climb steps R8, R6, R5 to the river bank. Technical river crossing! In rainy weather or high flow, this can be a problem. 100m slope ascent up by walk to the village of Jagat.

Return:
10 min walk up to the main road in Jagat.
