Summary: (machine translated)
River walk in a mighty canyon, usually from the bottom upstream and then downstream again

Hydrology:

Access: (machine translated)
We drive from the town of Karak on the "50" down to the Dead Sea. After 26.2 km we come to the T-junction "Mazra Junction" and continue left on the "65" towards Aqaba. After 13.3 km, immediately after a factory on the right-hand side, we come to the Martyrs' Monument (Martys), also on the right-hand side, just before the bridge over the Wadi Hudeira/Numeira. We can either park our car here or, if possible, drive to the canyon exit.

Approach: (machine translated)
After a few meters we are standing in the wadi under the big clamping block.

Tour: (machine translated)
We follow the watercourse upward between towering rock walls.
The canyon becomes narrower. Once we have to climb a small step.
Where the canyon opens up again towards the top is the turning point. The way back is the same.

Return: (machine translated)
Direct to the car
