Specialities:

Gear:

Summary: (machine translated)
Dry canyon, simple, almost initiation. Immediate access, comfortable return and a multitude of rappels. It is necessary to carry some material for some of the natural ones.

Hydrology:

Access: (machine translated)
You have to get to Yunquera.
To do this, if we go from Marbella we take the A355 to Ojen. We pass this village and when we get to Monda we turn left towards Guaro on the A7100. Until the junction with the A366 to Alozaina.
If we are coming from Malaga we must take the A357 towards Cártama, until we reach Zalea where we take the A354. We will follow it until Alozaina
Once in Alozaina we continue on the A366 to Yuqueras.
Arriving at Yunqueras, p.k. 35.5, we have a sharp right turn with an exit to the left. We exit here and park

Approach: (machine translated)
Looking to the south, we have our stream on the left, we will follow the track that goes down almost to the riverbed.

Tour: (machine translated)
A multitude of rappels and abseilings, many of them in natural, short and without great difficulties.

Return: (machine translated)
After the last cliff there is a pool on our right, following this reference we will reach a track and from there to another main track that we will follow to the right uphill. Then we will take the ridge to take a path that leads to another track under a house. Following this track upwards we will arrive at the road.
